STRENGTHS

- *Creative*
  - Think up, design, and program useful apps and fun games during free time – without others' directions or specifications to follow.
- *Team Player*
  - Learned how to work in and lead a team during LDS mission and previous jobs.

PROGRAMMING

- *Known Languages*
  - Proficient Knowledge – Java, C++, SQL, Javascript (including AngularJS framework), PHP (including Yii and CodeIgniter frameworks), HTML, and CSS.
  - Basic Knowledge – C, C#, Assembly Code.
- *Programming Environments*
  - IDEs: Microsoft Visual C++, Eclipse, Netbeans, Brackets, and TI's Code Composer Studio.
  - Simple Text Editors: Notepad, Notepad++, and Vim.
- *Types of Written Programs*
  - Websites (both back and front-end portions), Data Structures, Databases, Parsers, Cross-Network Apps, and Games.

OTHER

- *Volunteer Service, Scotland 2009-2011*
  - Leader and trained other missionaries in ways to be more effective.
  - Interacted with strangers for up to 16 hours a day.
- *Education*
  - American Leadership Academy – Graduating Class of 2009 Valedictorian.
  - Brigham Young University – Computer Science Major, Graduating 2016, 3.45 GPA.
- *BSA*
  - Eagle Scout and member of the Order of the Arrow.
- *Work Experience*
  - Past jobs include web-developer, electrician assistant, lawn-care and landscaping, secretarial/office-manager positions, sales, and teaching.
- *Interests/Hobbies*
  - Dance (clogging, tap, folk), instruments (piano, organ, percussion, recorder) and music composition, outdoors (back-packing, rock-climbing, skiing).
